

1. Open up your browser of choice and visit the [Yahoo homepage](#).
2. Click "Create an account," found beneath the sign-in credentials form.

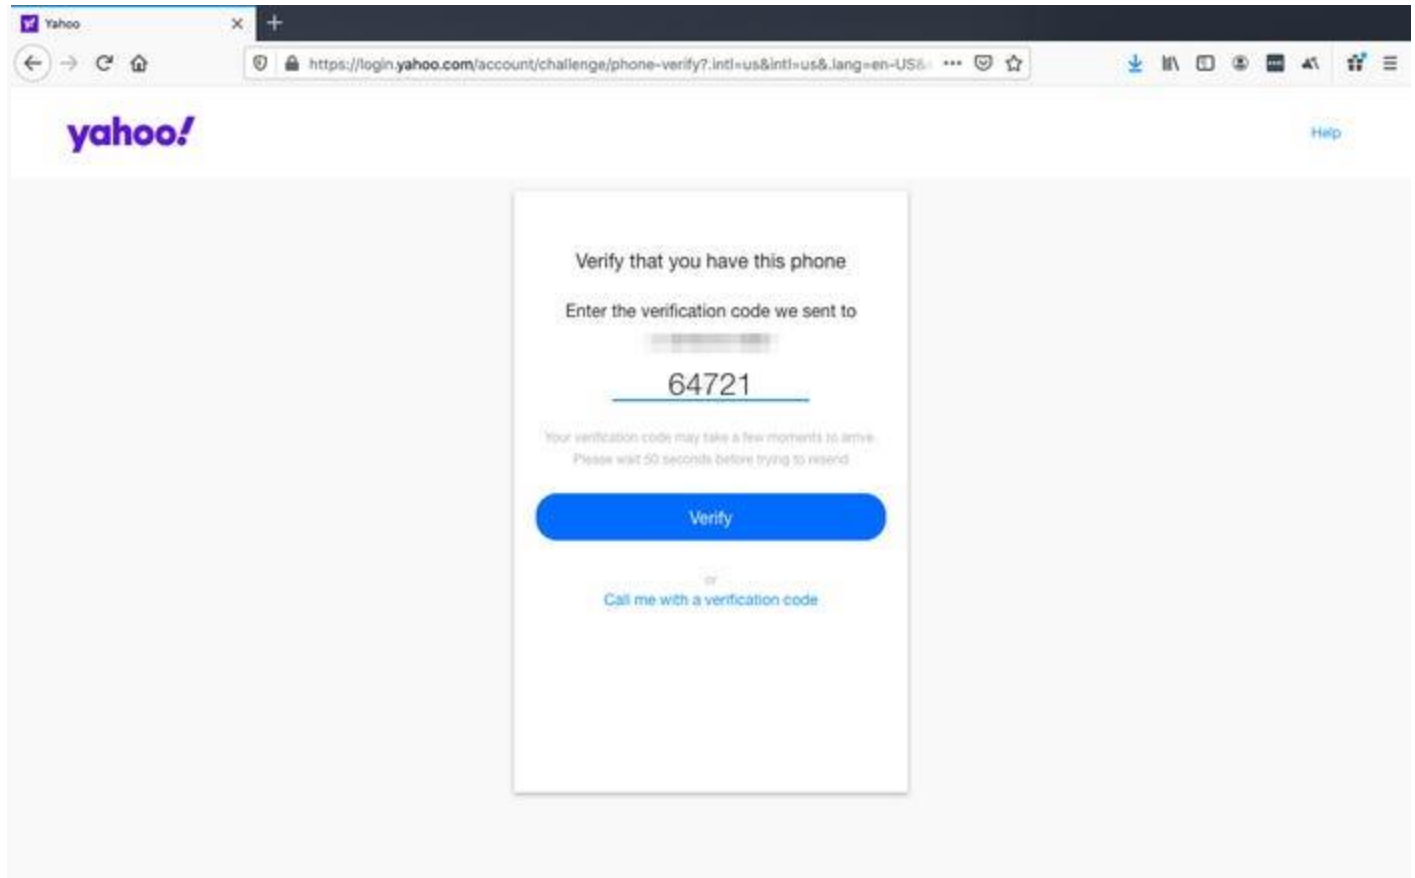

3. Fill out all the required fields, including your first and last name, username, password, birthday, and mobile number for two-factor authentication.

4. Click "Continue."

5. Select whether to have Yahoo call or text your authentication code to the mobile number you provided.

6. Enter the 5-digit verification code when you've received it. Click "Verify" and then "Continue."

You're all set. When you click "Done," you'll navigate back to the Yahoo homepage, where you can access your email in the top-right corner. Alternatively, you can visit the [Yahoo Mail login page directly](#).
